*B.Tech in Information Technology*

*Expected Graduation: 2026*

**Shree Nikethan Matriculation Hr. Sec. School, Tiruvallur** **82%**

*12th Grade*

*Year of Completion: 2021*

**Jacob Matriculation Hr. Sec. School, Tiruvallur** **90%**

*10th Grade*

*Year of Completion: 2019*

## Projects

---

- **Dreamscape Travel Booking Website**

*Tech Stack: MongoDB, Express, React, Node.js, JWT, Razorpay, Tailwind CSS*

Full-stack MERN application for booking trips with user authentication and payments. Designed modular APIs for trips, users, and orders with secure JWT flow. Built a fully responsive UI using Tailwind CSS and custom dashboard panels.

- **Subscription Trackee API Backend**

*Tech Stack: Node.js, Express.js, MongoDB, JWT, Insomnia*

REST API to track subscriptions with secure login and CRUD operations. Implemented middleware, error handling, and token-based routes.

- **Pokedex App Frontend Showcase**

*Tech Stack: React, JavaScript, TypeScript, Firebase (Auth + Firestore)*

React app that displays Pokémon data using Firebase for auth and storage. Built reusable components and used hooks in a fully responsive layout.

## Achievements

---

- Represented Tamil Nadu at NCC Advance Leadership Camp (National Level).
- 1st place in CodeRelay competition at Vel Tech High Tech Engineering College.
- Led awareness campaign for govt school students on scholarships and careers.
